

Greetings, Speech Students!

Your assignment (due the week of 12/06) is as follows:

Prepare a "Demonstration Speech", based upon the class hand-puts and our lesson in class. You may choose your topic. The goal of the demonstration speech is to teach your audience how to perform an action. Some topic examples are the following: how to clean out a fish tank, how to make cinnamon rolls, how to set a table, how to groom a pet, and how to tune a guitar. Visual aids are strongly encouraged for this speech. Time limit: 4 minutes. Ideally, this speech will be 3-3 ½ minutes in length.

Thank you. I am looking forward to hearing your presentations! Keep up the good work.

Blessings,

Hannah Solem
