

**Assigned 12/6/11**

Middle School Science - ASSIGNMENT SHEET

Read: 1.4, pg. 33-39 in "Inside Earth".

Complete: \* 1.4 Review and Reinforce worksheet

\* Tasks 6-8 from project timeline. Remember to come next week with All of the work you have done.

Instructions for project presentation: be thorough, include a clear, accurate explanation of what your model shows about the Earth's layers. Make sure to point out how your model shows plate tectonics, subduction, and sea floor spreading. Your presentation should be 1-3 minutes. Be prepared for me to ask questions. Practice at home.

Parents please correct - review & reinforce worksheet
